Chairperson Note

It is my privilege to outline about "Project Point". Its different activities, its origin, history, its mission and what it stands for. As a Social Voluntary Organization, within a short span of time we have achieved few of our objectives which is a matter of complacency for us. With the support from our well wishers, supporters, founders and advisors, we have accomplished a lot and fulfilled many of our goals. As our accepted mandate, we have always given thrust on Youth empowerment and with this backdrop, we have organized many youth leadership and youth development programs in Nabarangpur, Khordha, Puri, Jajpur and in Sambalpur district and motivated 2500 youth volunteers over the last three years, with increased network building "Project Point" has got few advisors who are personalities of repute and have expertise over different subject domain. We have generous funders and collaborators like NYKS, NSS, Lions Club International, NYP, Odisha State Bharat Scouts & Guide, Colleges and Faith based organizations (FBOs) etc. Over the years, it is heartening to note that by expanding our linkages we have expanded over programme activities and thereby put a strong stepping into philanthropy world.

Dr. Sangram Keshari Samantaray

Chairperson
MSW, PGDDM, PhD

INTRODUCTION

Project Point was conceptualized and established by a group of very young students and youth who are highly qualified having their post graduate degree in social work (MSW), management, journalism and mass communication. With their passion to do good for the society, they have floated this organization with a mission to work for the welfare of the poor, needy, destitute and other vulnerable section of society. Its starting point is very interesting and fascinating. It was just conceptualized by a group of DDCE Social work students who sat beneath the statue of Mahatma Gandhi in Gandhi park of Janata Maidan in Bhubaneswar on dated 2nd October 2017.

It all started during an informal discussion on various issues that society is confronted with. Therefore, all members who were present in this meeting resolved unanimously that an organization in name and style as "Project Point "will be formed and will be registered as a society to get its legal status.

Accordingly, By-law was drafted and many issues that will be addressed have been incorporated in this By-law. And thus Project Point came into existence and gets started.

Since then, Project Point got into action with small but significant activities in the field of youth empowerment. In collaboration with Nehru Yuva Kendra Sangathan, Project Point organized many youth empowerment meetings, seminars, workshops and leadership development programs at various places of Odisha. Project Point had organized many programs on issues of environment conservation, on water and sanitation and youth skill development programs over its initial years of activism. Then also undertook relief work during disasters as well as the Covid-19 pandemic. In this programs along with awareness creation, ration and dry food, medicines, hand wash, mask etc have been distributed at community level in various villages of Khordha district.

VISION & MISSION

Our Vision

Our vision is to see a society where youth power will be fully developed and utilized for development of the nation.

Our Mission

To work relentlessly to see a better world and better society where everyone leads a healthy cultural life.

GOAL & OBJECTIVE

Goal

To reach a stage where every individual will have the dignity of leaving and will contribute towards all round development of society.

Objective

Project point will work continuously to empower rural youth and students who will be future leaders in various fields. It will also try to ensure to bring peace and harmony and balance development in society.

STAKEHOLDER LINK

Project Point is proud to expand its stakeholders by incorporating many sections of our society. We have increased our stakeholder's base with Youths and Students, Village Youth Clubs, Teaching Community, Women Groups and Farmers as well as PRI members at Gram Panchayat level. Also few Academicians and Social Activists have joined hands with us as a result expanded our activities in Philanthropic sector. We started to work in issues like organizing environmental awareness, dowry prohibition, drug use issues and blood donation awareness etc. Gradually and gradually over increased stakeholder base helped us achieved few milestones. Our work became solid with increased professionalism and "Project Point" started to get attention of many.
